Re: Your Contributions to Lupus Ontario

Dear Benefactors:

I want to express my deep gratitude for your donations, sponsorships, and volunteer activities.

Lupus Ontario cannot do the vital research, public awareness, support and education that the Board, committees and volunteers do without each and every day without every one of you. The pandemic has made everyone even more aware of the vital role each donation of money, time, talents and skills makes to the pillars of the organization and to the lupus community as a whole.

We have exciting projects for the next fiscal year.

Thank you.

Sincerely,

C. Ferren
