ALL PARTICIPANTS WILL BE SENT A ZOOM LINK TO THE PROGRAM

Join us for a program on patient participation in medical research for Lupus. The goal of this program is to share information with patients on research and to help patients evaluate if research participation is right for them.

Join us as our panelists discuss the following:

- Learn about recent progress in Lupus treatments
- Hear the experience of a Lupus patient who is participating in a clinical trial
- Learn about active clinical trials in Lupus at HSS
- Find out why we need continued Lupus research
- Patient barriers to clinical trials
